

CNT_CNVTOARRAY

CNT_CNVTOARRAY action

Declaration

CNT_CNVTOARRAY _hContainer

Parameters

_hContainer	in	Identifier of <i>Int</i> type - data container.
-------------	----	---

Description

The action creates an array for accessing the values of specified [data container](#) by means of an index.

Single conversion of the container to an array sorted by key in ascending order. The action have to be executed before calling the [CNT_GETITEM](#) action.

Array is automatically terminated by execution of the next [CNT_INSERT](#) or [CNT_DELETE](#) actions in the script.

Example

[Work with data container \(actions CNT_...\).](#)
