

HI_SetGraphTimes

%HI_SetGraphTimes function

Old name %HI_SetDiagTimes

Function The function **%HI_SetGraphTimes** sets the time parameters (time axis range) of the displayer of [Graph](#) type ([Control function](#)).

Declaration

```
%HI_SetGraphTimes(  
    INT in refId,  
    TIME in param1,  
    TIME in param2  
    BOOL in bSavePrevTimes  
)
```

Parameters

refId	Reference to graphic object (reference variable).
index	Begin time.
bShow	End time.
bSavePrevTimes	Optional parameter. <ul style="list-style-type: none">@TRUE - set the time interval defined by the parameters <i>param1</i> and <i>param2</i>.@FALSE - set the initial time interval.

Description

The function sets two time parameters for the displayer of [Graph](#) type that is defined by the reference variable *refId*.

The parameter *param1* defines the begin time and the parameter *param2* defines the end time displayed in the graph.
