

StPerf_TimeSynchro

Declaration

```
void (_stdcall *StPerf_TimeSynchro)(HOBJ StID)
```

Parameters

StID	Station ID.
------	-----------------------------

Description

The function writes the time of the last time synchronization of the station to the column *LastTimeSynchro* and row containing the Station, which is defined by input parameter *StID* of the structured variable *SV*. *System_StationPerformance* (if it has been configured by a user).
