

StPerf_CommActivity

Declaration

```
void (_stdcall *StPerf_CommActivity)(HOBJ StID)
```

Parameters

StID	Station ID.
------	-----------------------------

Description

The function writes time of last communication activity to the column *LastCommActivity* and row containing the Station, which is defined by input parameter *StID* of the structured variable *SV*. *System_StationPerformance* (if it has been configured by a user).
