Change the Order

Change the order of graphic objects

Created, moved or copied graphic objects can be placed in a stack - they overlap the other objects partially or completely. The order of the stack can be changed by clicking corresponding button or pressing a key listed in the following table. The order also can be changed by selecting the item **Order** from the popup menu opened by pressing the right mouse button in the picture, when the graphic object is selected.

Action	Click the button	Press the key
Bring the object one step closer to the front		PgUp
Send the object one step toward the back		PgDn
Bring the object to the front		Ctrl+PgUp
Send the object to the back		Ctrl+PgDn
