JSON_FreeArrayHandle

%JSON_FreeArrayHandle function

Function

Releases a handle to the JSON array.

Declaration

```
%JSON_FreeArrayHandle(
    INT in handle
 )
```

Parameters

handle	Handle to JSON array.

Return value

None

Description

Function releases a handle to the JSON array.

Exception is thrown if handle to the array is invalid.

Example

```
INT _obj
_obj := %JSON_CreateArray()

%JSON_FreeArrayHandle(_obj)
```
