

D2000 V21 Documentation EN

Welcome to the new documentation space of Ipesoft company!

This portal makes documentation of Ipesoft products available with the ability to actively communicate and to receive a feedback. You can use following portal options:

- navigation to a selected documentation page in the documentation tree (left side of the screen)
- a quick search by a part of the page title through the "search box" at the top right side of the screen
- a [fulltext search](#) in the portal's content (press enter in the "search box" at the top right of the screen) [with advanced search options](#)

Tip

In case the beginning of the searched word is unknown and we want to search inside words, it is necessary to use a regular expression. For example, to find the word *Wheel*, the following string must be entered in the search box: `/.Wheel.*`

- export parts of documentation to [PDF](#) and [Word](#) formats
- commenting on each page by users (comments, questions, suggestions for improvement, etc.)
