

Using Full-text Searching (D2000 Online Help)

To use the full-text search

HTML help viewer allows searching for information by means of full-text search.

1. Click the **Search** tab, and then type the word or phrase you want to find.
2. Click **List Topics**, select the topic you want, and then click **Display**.

When searching for words in help topics, you can have each occurrence of the word or phrase highlighted in the topics that are found. To activate the feature, click **Options** in the toolbar and then click **Search Highlight On**. To turn off the option click **Search Highlight Off**.
